

APPLICANTS' SUMMARY OF EXAMINER INTERVIEW

On May 11, 2009, Applicants' attorney, Jeremy D. Protas (Reg. No. 61,681), and Examiner Stevens (collectively, "the parties") conducted a personal interview. The parties first discussed the pending rejections, the cited documents, and how the cited documents, and how the cited documents differ from the pending claims. The parties also discussed the history of the application (e.g., the previous Office Actions and Responses, and the Appeal Brief) and reviewed the problems addressed by the claimed systems and methods. The parties reached agreement that the rejections currently pending should be withdrawn, and a search conducted to determine whether closer prior art exists.
